PART 8 RESETTLEMENT ENTITLEMENT
PREAMBLE

(1) The Salaries and Allowances Tribunal has completed its annual inquiry into the rates of remuneration provided to Members of Parliament. This Determination is issued pursuant to the Tribunal’s statutory obligation to inquire into and determine, at least once every 12 months, remuneration for Members of the Parliament.

(2) It is important that levels of remuneration reflect the demands placed on Members, but also that payments and entitlements accord with standards acceptable to the community in which the Members serve.

(3) In circumstances where market forces, globalisation and technological changes now impact more directly on the State, there is an expectation from the community that their elected representatives will have the capacity to respond to these forces in order to secure the wellbeing of the State so that they can continue to enjoy the prosperity that previous generations have built.

(4) In these times of rapid change it is important that the community can continue to attract people committed to public service and that the value of Members of Parliament is assessed within the context of the demands placed upon them and community standards of remuneration. This is the basis upon which the Tribunal continues to evaluate levels of remuneration.

(5) However, at this time it has been deemed prudent that there be no increase to the salary of Members of Parliament. This is in line with other public offices within the Tribunal’s jurisdiction. The circumstances faced by the community dictate that wage and salary restraint be exercised.

(6) In arriving at this conclusion, the Tribunal considered the significant challenges in the Western Australian economy and the short term outlook. It has also noted labour market and economic information, the Government’s most recent Public Sector Wages Policy Statement, Financial Strategy Statement and Financial Projection Statement.

(7) This Determination includes some outcomes from an ongoing review by the Tribunal into all aspects of remuneration, allowances and entitlements provided to Members. At this time, the Tribunal’s conclusions, based on this Review, have resulted in changes to some allowances and entitlements. The Tribunal’s decisions largely focus on a Member of Parliament’s capacity to undertake their electorate and parliamentary roles and aim for a balance between:

   i) ensuring Members have capacity to effectively undertake their roles;
   ii) maintaining standards of accountability; and
   iii) decreasing the administrative burden on Members and administering agencies.

(8) The review process is incomplete and not all outcomes have been finalised.
Statutory context

(9) The *Salaries and Allowances Act 1975* (the Act) requires the Tribunal to inquire into and determine the remuneration to be paid or provided to Ministers of the Crown, the Parliamentary Secretary to the Cabinet, Parliamentary Secretaries appointed under section 44A(1) of the *Constitution Acts Amendment Act 1899*, members of committees, and officers and Members of the Parliament.

(10) Section 8(a) of the Act provides that a determination relating to offices identified in sections 6(1)(a), 6(1)(ab) and 6(1)(b) must be issued within 12 months of the previous determination. The Tribunal’s most recent determination in relation to the remuneration of Members of Parliament was issued on 24 June 2014.

(11) By issuing this Determination, the Tribunal discharges its obligation under section 8(a).

(12) In accordance with section 10A of the Act, those determinations by the Tribunal made under sections 6(1)(a) and (ab) have taken consideration of the:

i) Public Sector Wages Policy Statement 2014; and

ii) financial position and fiscal strategy of the State, as stated in the Government’s Financial Strategy Statement and Government Financial Projections Statement, released as part of the State Budget on 14 May 2015.

Economic context

(13) The Tribunal noted a number of serious challenges facing the Western Australian economy. In the 2015 Budget, the Treasurer described the current economic situation as “the most challenging economic and fiscal environment the State has faced in at least the last three decades”. General Government revenue in 2015-16 is estimated to be $1.6 billion or 5.8% lower than actual revenue in 2013-14.

(14) The Tribunal has also noted:

i) the State’s economic performance has been affected by the transition of resource projects from construction to production phase, along with substantial drop in commodity prices;

ii) declining business confidence reflected in employers reducing capital expenditure and employment levels;

iii) declining wages in the wider community; and

iv) extremely low levels of inflation, which has meant that the cost of living for WA employees has not significantly changed compared to this time last year.

(15) The challenging economic environment is apparent throughout the State. The Tribunal noted significant numbers of redundancies in the mining sector, pay freezes and pay cuts in the private sector and public sector budget constraints and efficiency measures. The rate of unemployment is projected to reach 6.25% in 2015-16. This would be the highest level in over a decade.
Summary of decisions in this Determination

(16) There will no increase at this time to the salaries of Members of Parliament.

(17) The Tribunal has reviewed all aspects of remuneration, allowances and entitlements provided to Members. While there will be no increase in remuneration, the Tribunal considers allowances separately and notes that they are an important means by which a Member must meet the costs of effectively representing their electorate.

(18) A number of decisions in this Determination relate to allowances and entitlements. The Tribunal’s focus has been on a Member’s capacity to undertake their official business and maintaining accountability. In summary, these decisions are as follows -

Electorate Allowances

(19) The Tribunal is mindful that electorate expenses have not been adjusted since 2013, and expenses for printing, stationery and office equipment have generally increased at the rate of inflation. In addition, population growth has caused an increase in the average number of electors per electorate. It is considered reasonable for Electorate Allowances to be adjusted according to inflation generally and for actual increases in postage costs. The Tribunal has also incorporated specific costs identified in the Review, which are:
   i) safety equipment on vehicles provided to Regional Members, and
   ii) access to Electorate Management data, which will no longer be provided to Members by a Government agency.

Transport Allowances

(20) The Tribunal has reduced the Charter Transport Allowance provided to Regional Members. The limit on this Allowance did not appropriately reflect the needs of Regional Members. However, the Tribunal acknowledges the importance of charter transport for access to remote areas of the State and will closely monitor the impact of this change over the next 12 months.

(21) The Tribunal has also tightened the circumstances in which this Allowance may be used in relation to electorate vehicles provided to Members.

(22) The Taxi Fare Allowance has been abolished.

Accommodation Allowances

(23) After detailed examination, the Tribunal has made a number of changes to these allowances.

(24) First, the Tribunal has established a Base Accommodation Allowance to enhance the capacity of all Members to undertake some travel around the State, with numbers of nights set according to the Region or District a Member represents. This allowance incorporates former allowances provided for Expenses of Members on Parliamentary or Parliamentary Political Party Business and Members’ Expenses within Electorate, both of which have been discontinued.
These arrangements will address Members’ needs to travel intrastate in order to be informed on issues which affect not only their constituents, but the State as a whole. The revised accommodation allowance replaces previous arrangements that limited Members to travel within their own electorate and electorates immediately adjacent thereto.

The Tribunal considers the new arrangements will better serve the Members and the community.

Second, the Tribunal has amended the approach to Metropolitan Expenses of Members Representing Regions or Districts therein. It accepted that Regional Members must travel to the Perth Metropolitan area to fulfil their Electorate, Parliamentary and Government responsibilities.

In order to be paid this allowance, Members are required to maintain a residence in their electorate.

The Tribunal has identified three tiers to reflect the circumstances under which a Regional Member can claim expenses for accommodation in the Metropolitan area -

i) Requirement to attend Parliamentary sittings;
ii) Undertaking other business in the Metropolitan area that relates to Electorate, Parliamentary and Government responsibilities; and
iii) The need for some officeholders, including Ministers and Presiding Officers, to undertake business in the Metropolitan area in relation to their offices.

Resettlement Entitlement

The Tribunal has adjusted the Resettlement Entitlement, which aims to assist former members to transition from public office.

Pension arrangements do not apply for Members elected after 2000. The Resettlement Entitlement was as established in 2011 to apply to Members who could not access those pension arrangements, did not effectively achieve its intended outcome. It is accepted that the transition from public office becomes more difficult with the length of a Member’s Parliamentary service.

The Resettlement Entitlement is provided to access professional advice, meet educational or training costs, or meet any other costs considered appropriate. Further, the Tribunal notes Members are not eligible to benefits of employment afforded to the community generally, such as long service leave entitlements. The Review also provided examples of significant dislocation for some Members following their departure from public service. The Tribunal considers the Resettlement Entitlement assists with the challenges of resuming private life and professions and, as such, will minimise the possibility that those contemplating entering Parliament will be dissuaded from public service.
The Determination will now issue.

Signed this 23rd day of June 2015.

PART 5 TRANSPORT ALLOWANCES

5.1 Motor Vehicle

(1) A Member is entitled to be supplied with a Government leased private plated motor vehicle for parliamentary, electorate and private use within Western Australia.

(2) This entitlement is in addition to a Member’s remuneration under Part 2.

(3) Motor vehicles issued through this provision shall be to the notional lease value of $25,000 per annum. This subsection is subject to sections 5.1(10) and (12).

(4) The motor vehicle can be used by the Member for private purposes. From time to time when the Member does not require the vehicle, it may be used by a family member or electorate staff. Use of the vehicle by any other person is not permitted unless it is an emergency.

(5) This entitlement does not apply to a Member serving in an office in respect of which a Government vehicle is supplied under arrangements separate to this Determination. Where a Member becomes entitled to a Government vehicle under arrangements separate to this Determination, then this entitlement shall cease upon provision of that motor vehicle.

(6) A Member may forego this entitlement and be paid an amount of $25,000 per annum, payable monthly or twice-monthly. This option cannot be exercised during the term of a lease.

(7) The notional lease value must include the lease cost, all applicable taxes and other operating costs based on the relevant figure of nominated kilometres to be travelled annually. The formula to be adopted in valuing the motor vehicle is:

\[ L + R + aD + + FBT + I + LCT, \]

where -

\[ L = \text{Lease payments} \]
\[ R = \text{Registration costs} \]
\[ a = \text{Running cost per kilometre} \]
\[ D = \text{nominated annual kilometres} \]
\[ FBT = \text{Fringe Benefits Tax} \]
\[ I = \text{Insurance} \]
\[ LCT = \text{Luxury car tax} \]

(8) FBT is costed at applicable Australian Taxation Office rates. FBT is the purchase price (including GST) x Statutory fraction x Gross up (2.1463) x FBT rate (0.490).

(9) Regional Members who serve in an office in respect of which a Government vehicle is supplied under arrangements separate to this Determination may apply to the Tribunal to be supplied with an electorate vehicle. The Member’s application must demonstrate the need for the electorate vehicle and certify that it will be predominantly used in their Region or District.
Regional Members may apply to the Tribunal for the issue of a four wheel drive vehicle instead of the entitlement specified in section 5.1(3), provided that vehicle will be used predominantly in the Member’s Region or District. The cost of a four wheel drive vehicle supplied under this subsection cannot exceed the cost of the Toyota Prado GXL Automatic 3.0 litre Turbo Diesel.

Regional Members are entitled to the installation of safety equipment appropriate to the likely use of the vehicle, including:

(a) frontal protection, such as bull bars;  
(b) electronic animal deterrent devices;  
(c) radiator insect screens;  
(d) window tinting; and  
(e) driving lights.

Where a Member requires a particular model of vehicle and the notional lease cost exceeds the notional lease value specified in section 5.1(3) or the benchmark vehicle specified in section 5.1(10), the additional costs (including Goods and Services Tax, Fringe Benefits Tax and insurance), shall be drawn from the Member’s Base Electorate Allowance or Additional Electorate Allowance.

Whether additional costs are to be drawn under section 5.1(12) is to be assessed at the time of entering into the lease. The assessment will be based on the notional lease cost to Government of the vehicle sought (using the formula in section 5.1(7)), compared to the relevant notional lease value specified in section 5.1(3) or the benchmark vehicle specified in section 5.1(10).

The Tribunal’s approval must be obtained before a vehicle supplied under this Determination is used outside Western Australia.

Members provided with a vehicle under this Determination must comply with maintenance and care obligations that apply to the WA Government Fleet generally.

### 5.2 Charter Transport

Members representing Regions or Districts specified in the Table shall be entitled to use charter transport not exceeding the amounts specified per annum –

<table>

</tbody>
</table>
(2) The Charter Transport Allowance may be used by a Regional Member to assist electorate or parliamentary business when a motor vehicle provided to the Member under section 5.1 is unavailable because it is in a different location to the Member.

   (a) charter aircraft, hire cars, taxis; and

(4) This Allowance does not apply when an airline provides a service to and from the relevant destination that operates at times reasonably convenient to the Member’s business.

(5) This Allowance does not apply to any travel booked or undertaken in another financial year.

(6) With respect to over-benchmark costs incurred in relation to a Member’s vehicle:

   (a) In the event the Member has entered lease arrangements before 1 July 2015, the amounts specified in the table shall be reduced by the amount of those costs, unless they were met through the Member’s Electorate Allowances.

   (b) For lease arrangements commencing on or after 1 July 2015, such costs shall be drawn from the Member’s Electorate Allowance or Additional Electorate Allowance.

(7) Where a Member uses air charter services to travel between two or more locations serviced by commercial air services (regular public transport) and there is no direct commercial air service between those locations, the amount deducted from the Member’s Charter Transport Allowance shall be the difference between the cost of air charter via the direct route between the locations and the cost of a business class fare (or where a business class fare is not available, the full economy fare) for the shortest commercial air service route between the same locations. The balance of the cost of the air charter shall be paid from the Consolidated Account.

(8) Claims against this Allowance must be submitted to the administering agency within 90 days from the date that the travel is undertaken.

(9) The administering agency may extend the time to submit a claim in exceptional circumstances, which are the following:

   (a) receipt of invoices delayed for reasons outside the Member’s control;
   (b) ill health;
   (c) bereavement.

Administrative oversight or negligence are not exceptional circumstances.
(10) Applications for extension of time must be in writing and provide sufficient details of exceptional circumstances.

(11) Charges shall only be levied against this Allowance in the event the Member has actually undertaken the travel claimed.

(12) When travel outside Western Australia cannot be avoided, Members seeking to claim this Allowance must obtain the Tribunal’s approval before the travel is undertaken.
